# Introduction

We were established on the 1st January 2010 with the idea to create an intimate working environment where our staff can flourish and clients can experience personalized, hands-on service.

A passion for freight and for our clients, dedication to achieving optimal levels of tailored service, and up to the minute IT solutions is what sets us apart.

Our team of dedicated Africa trade specialists have extensive knowledge of requirements and service solutions to suit your freight needs. With this, we can offer custom and compliant freight solutions that are tailored to suit your business.

*Strong Africa footprint*

*Dedicated project logistics team*

*Four offices at major trading points in SA*

*Level 2 B-BBEE contributor*

*SAAFF members*

*“What we do and how we do it is the core of our existence.”*

# GLA & ISS

Global Logistics Alliance opened its doors in 2010 to create a familiar environment for our staff and tailored services for our clients. We have grown in leaps and bounds, with four offices in major trading points, a track record of successful renewable energy projects and have moved thousands of tons of cargo worldwide.

Ten years on and Global Logistics Alliance has taken yet another leap forward, allowing us to be an even greater force in the logistics industry. We have entered a joint venture with Integrated Service Solutions, based in Dubai. They have strategically placed offices in over 43 countries worldwide and have taken the freight industry by storm.

This network not only extends Global Logistics Alliance competitiveness in the worldwide market, it gives us an added edge in our service offerings and capabilities. Integrated Service Solutions culture, values and vision align with ours, which means our supply chain services and expertise will be seamless, from door to door. We have an extended network into Africa, with stronger partnerships and more efficient routes.

Although we have grown, with new staff joining our team and a new 3000sqm warehouse in Johannesburg, Global Logistics Alliance's passion for freight and for our clients, our dedication to achieving optimal levels of hands on service , and modern IT solutions continue to set us apart in the industry.

# Cross border routes & requirements

Global Logistics Alliance has an extensive network into Africa. We have a wide range of transport solutions from general cargo transport to hazardous and abnormal project shipments.

Generally the following documents would be required for cross border exports:

	RSA	Angola	Botswana	DRC	Kenya	Malawi	Mozambique	Namibia	Tanzania	Zambia	Zimbabwe
Commercial Invoice	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Packing List	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
*SADC Certificate of Origin	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
**Pre-shipment Inspection		✓		✓	✓		✓		✓		
Importers VAT deferment & Certificate/ TIN Number			✓					✓			✓
Top Form***contra marca							✓				
*Not compulsory, SADC certificates eliminate the payment of import tariffs on the majority of commodities moved between member states. Not all commodities are duty free and it is advisable to check prior.											
** Angola - As of 11 June 2013 inspections can be done at destination provided prior arrangement are made with destination agent. Mozambique - Certain products are subject to inspection.											
***Evert consignment transiting/ imported into Mozambique bonded though Mozambique pending final clearance or re-export into a neighbouring country. To show that this bond is in place, a contra marca number is issued. It has to be in place before a consignment can be despatched. This is necessary to avoid long and costly standing times at the borders. In the case of transit cargo, this number is obtained by the transporters agent. In case on import cargo to Mozambique, it is issued by the importers customs clearing agent.											

## Main border posts generally used:

- Maseru/ Fisksburg (South Africa - Lesotho)
- Oshoek/ Ngwenya (South Africa - Swaziland)
- Beitbridge/ Chirundu (South Africa - Zimbabwe)
- Ariamsvlei (South Africa - Namibia)

# FAQ'S

## Can GLA arrange cross trades?

Yes, Global Logistics Alliance has a large network whereby we can offer comprehensive solutions for cross trades and inland movements between landlocked countries.

## What is needed on an invoice?

Firstly, only commercial invoices (not pro-formas) are accepted by customs. Secondly, your invoice must reflect full name and address of both the consignor & consignee. It must also have a full description, weight and value of the goods.

## Can I apply for a SADC?

Any business that is registered with the Chamber of Commerce and has an exporters code can apply for a SADC, if their goods are eligible. Goods must meet the Certificate of Conformity requirements set out. Member states for SADC are Angola, Botswana, Comoros, DRC, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, South Africa, Swaziland, Tanzania, Zambia & Zimbabwe

## Will my shipment require a pre-shipment inspection?

There are certain countries and commodities that require a pre-shipment inspection before goods leave South Africa. There are certain countries such as Angola, Kenya, Nigeria, Rwanda & Uganda that require a Pre-Export Verification of Conformity for all commodities. We will be able to check requirements against the HS code of the commodity prior to shipping. An Intermediate Data Format number must be obtained before inspection can take place.

## Will GLA be able to assist with abnormal project cargo?

Global Logistics Alliance is known for project cargo. We offer full door to door solutions, feasibility studies, route surveys & clearances, abnormal transport permits, arranging special transport equipment and multi modal transport. We also offer equipment procurement and rental assistance.
